Spanish

Native

English

Technical documentation, written correspondence & reading proficiency.

INFRASTRUCTURE & SYSTEMS

IT Operations

Hardware diagnostics, workstation maintenance and peripheral support.

Networking

TCP/IP connectivity, Cisco environments and network troubleshooting.

Cloud Services

Instance management (EC2), storage (S3), and resource monitoring.

TECHNICAL STACK

Development

TypeScript, JavaScript, Node.js, Express, SQL.

Frontend & Mobile

Angular, React, Vue, Ionic, React Native.

Tools & Frameworks

Python, Django, Next.js, TypeORM, AWS IAM.

ACADEMIC BACKGROUND

IT Infrastructure

CompTIA A+ / Network+ / Server+ (Current Focus)

Full Stack Development

Comprehensive Program - Academlo

Programming Logic

OOP with JavaScript - Udemy

Web Fundamentals

Modules I & II - Google / IEI

JORGE ALBERTO ORTEGON BACELIS

Fullstack Developer & IT Operations Specialist

IT Professional with a comprehensive technical background spanning over a decade. Combines robust experience in hardware and infrastructure operations with modern fullstack development. Proven ability to implement functional software solutions and manage critical systems in high-demand environments.

CORE OPERATIONAL COMPETENCIES

Infrastructure Management

Provisioning and monitoring of AWS resources and local server environments.

System Monitoring

Availability assurance through 24/7 monitoring and execution of contingency protocols.

Technical Troubleshooting

Maintaining hardware reliability and network stability in port operations.

Standardization

Development of standard operating procedures (SOP) for IT workflows.

PROFESSIONAL EXPERIENCE

Fullstack Developer • ParamQ S.A. de C.V.

2023 - Present

- Development and maintenance of production-grade web and mobile applications.
- Administration of cloud infrastructure workflows and performance monitoring on AWS.
- Execution of deployment processes and CI/CD pipeline management.

KEY PROJECTS

SpinDj: Request management system and automated billing platform.
[admin.spindj.app](#)

Skidha: Educational management platform with biometric security features.
[www.skidha.com](#)
